

McColl Racing Enterprises Newsletter for January 2012

Muscle Cars are coming back to Racing

Above is AR Bodies Camaro LM & LLM body being fitted to its new McColl Chassis. When all finished and decaled it looks like the tough looking Camaro next to it. This car, along with its Mustang counter part will be on a track near you this summer.

CARS, CARS, CARS.....

Is it the mild winter that's driving teams into new cars, or is it teams looking for a competitive edge on their competition? McColl Racing Enterprises has in production or out to the customers over 12 cars and more on the way, and we are only 3 weeks into the New Year!

Gearing up for 2012 Season

Instead of getting all in a rush, now is the time to get all those parts and pieces for the 2012 season. Here is a list of some of the parts you may need to start your 2012 season.

- Performance Friction Brake Pads and Rotors
- Brake Fluid
- Oil Engine/Gear
- Filters Oil/Air/Fuel
- Spark Plug Wires
- Spark Plugs
- Rod End Lubricant
- Water Wetter
- Zip Ties
- Shocks / Springs
- Battery
- Rescue Tape

Rubbing is Racing.....

- Were you racing hard, wheel to wheel last season, or took a hit that seemed minor?
- Are you positive that nothing was damaged?
- Your eye may say it's straight and true, but is it?

Now is the time to have your suspension and chassis checked. We have a full set of instruments and tools that can check spindles, control arms, rear-end assemblies and chassis. Instead of chasing gremlins with your cars handling at the start of the season, now is the time to bring in your car and/or parts and have them checked.

Upcoming Events:

- Canadian Motorsports Expo Feb. 10 -12, 2012 Toronto International Center
- Speedweeks February 16th – February 25th, 2012
- Shock dyno and spring rating – ½ price until January 31st, 2012!

"Auto racing began 5 minutes after the second car was built".

– Henry Ford

More on Our Move

We aren't just moving to a new location, we are growing as well to serve you better.

We'll have a larger fabrication area, show room and designated setup area.

We'll be bringing you this new improved look and service starting in April.

More info to come.
